INDUSTRIAL PLANTS IN DAIREN IN 1940

Summary: This report gives information on prewar industrial plants in Dairen taken from the Japanese document Showa 15-nen Matsu Kantoshu Koba Meibo (Industrial Directory of Kwantung Lease Territory, As of End of 1940. It lists the names, addresses, products, number of workers, and the date when the plants began operation. Names of plants which were owned by the Japanese are spelled according to Japanese readings of the Chinese characters; plants which were owned by the Chinese are written according to the Wade-Giles system. Street addresses of the plants are given according to Japanese readings.

The plants are divided according to the products they manufacture, as follows:

1. Ordinary machinery and equipment
2. Precision machinery and equipment
3. Electrical machinery and equipment
4. Locomotives rolling stock, motor vehicles and other vehicles
5. Railway equipment
6. Shipyards and ship repair shops
